

ORG O2 MINERAL PLUS

ORG O2 Mineral Plus can be called a complete purifier as it removes all physical, Chemical and Biological Impurities. In addition, it also adds essential minerals which are generally removed by the R.O. Plant during the purification process. ORG O2 Mineral Plus gives alkaline water which helps to neutralize such acidic impurities and supports in prevention of Vitamin Deficiencies. This system helps to customize the pH/alkalinity and concentration of minerals in water as per the needs of consumer as such provision is provided in the machine itself. UV Treatment has been provided to the water as the final step of purification process which destroys viruses and bacteria that escaped during the RO purification step.

Unique features of RO 011 Water Purifier :

- ORG O2 Mineral Plus Compatible with water dispenser based refrigerator & water cooler.
- It can be installed under or above the counter/sink, hence does not occupy extra space in the kitchen.
